

## INTRODUCING THE **SLIMPACT®** FRAMELESS IMPACT DOOR

Patent Pending Design with Florida Product Approval for HVHZ

## Time to rethink your next door...

Less metal and more glass offers the ultimate view for your home or business. Faour Glass Technologies continues to push the limits of its line of patented Slimpack® Frameless Impact Windows and Doors. The Slimpack® Door reaches an impressive height of 10 feet with design pressures of +/-90 psf, meeting Florida's HVHZ windborne debris requirements.
